6Product liability insurance, on maple products sold, is a separate policy from the standard farm-owners policy. If the maple operation is run as a separate business (LLC, Corp, Partnership) a separate policy on the maple enterprise (including product liability) is recommended along with the standard farm-owners policy.

7Receipts minus Total Cost

8Receipts minus Variable Cost

9Return to labor and management is the revenue less total expenses except operator labor and management. It is a measure of the returns to the operator's labor and management.
